Comment Suggestion

Really knowledgeable both about the topic and how to teach the topic.

Rodrigo was extremely helpful and it was clear that it was important to him that we all understood and stayed with him and what he was talking about during recitation. At office hours, he made an effort to keep everyone on the same page, letting people that came in late what they were talking about so they could listen and understand as well. He was very good at explaining concepts clearly and accessibly, which was particularly important since the professor sometimes didn't do this well in lectures. Also, I appreciated that his office hours were during a time when most students were free. Overall, Rodrigo was a very excellent TA, and his investment and thoughtfulness showed.

Rodrigo routinely clarified questions everyone in the recitation had from lecture. I would be struggling in this class if it weren't for Rodrigo's excellent communication. I think Rodrigo would be a great pick for the professor position of this class.

Rodrigo has been very helpful this semester and clearly explains exercises each week.

He is excellent

He explains everything very clearly and clears out any doubt.

Easily one of the best TAs I've had at this university.
